

# Student Voting Guide for Florida

Find voter registration forms, polling place locations, and more information at <http://election.dos.state.fl.us/voting/>

There is a general election in St. Petersburg on Nov. 3 and in Hialeah on Nov. 17, 2015

## Register at School or Home?

Students have a choice about where to register to vote:

School residence:

- Students have the right to register to vote in their college community if they intend this address to be a legal residence.

Home residence:

- Some students may choose to register or remain registered at their home (prior) address if they intend to return there after college. In this case, a student may need to vote by absentee ballot.
- Florida residents who move away for college can keep their Florida voting residency so long as they still consider Florida the location of their primary residence and do not register or declare residency elsewhere. These students may request to vote early by mail.

For other states' registration information visit: [www.campusvoteproject.org/studentguides](http://www.campusvoteproject.org/studentguides)

## What Type of ID Do I Need to Vote?

In-person voters must always present photo and signature ID before voting. The following forms of ID are accepted if they include a photo and a signature.

- Student identification
- Florida driver's license
- Florida identification card issued by the Department of Highway Safety and Motor Vehicles
- United States passport
- Debit or credit card
- Military identification
- Retirement center identification
- Neighborhood association identification
- Public assistance identification

If your photo ID lacks a signature, bring another ID with a signature such as a credit or debit card. Your additional signature ID does not have to have a photo.

If you lack proper ID, you can vote a provisional ballot which will be counted if your signature matches the signature on your registration form.

## What Type of ID Do I Need to Register?

Florida's voter registration form asks for your Florida driver's license or ID number, or the last four digits of your Social Security Number. Failure to provide this information could lead to you having to show additional identification when you vote that shows your picture or your name and address. Make sure to provide this information on the registration form so the state can verify your identity and you don't run into problems when you cast your ballot.

A Project of the Fair Elections Legal Network

FAIR ELECTIONS  
LEGAL NETWORK

Find your polling location online at <http://elections.myflorida.com> through Voter Information Lookup.

Voters must cast their ballots in the correct precinct. Sometimes there are multiple precincts in one polling place, so confirm your precinct ahead of time and get in the correct line!

## How Can I Vote?

### Early in Person

Florida counties must at least offer early voting 10 days before an election until 3 days before an election. Counties may offer additional early voting dates or adjust polling hours, so contact your [County Supervisor of Elections](#) for local information, including locations.

### Vote By Mail

Any Florida voter may request a vote by mail ballot. The request must be received by the 6th day before Election Day. Completed vote by mail ballots must be received by 7 p.m. on Election Day. Contact your [County Supervisor of Elections](#) to request a ballot.

### On Election Day

The polls are open from 7 a.m. until 7 p.m.

**According to the U.S. Supreme Court, students have the right to register and vote in their college towns if they meet the same requirements as everyone else. Misinformation, such as claims that registering to vote at school may jeopardize eligibility for financial aid or insurance, are sometimes used to discourage students from voting locally.**

### Will voting in Florida affect my federal financial aid?

Federal financial aid such as Pell Grants and Perkins and Stafford loans will not be affected by where you register to vote. Registering in Florida will also not affect your dependency status regarding FAFSA (Free Application for Federal Student Aid).

### Will I lose my scholarship if I register to vote in Florida?

Generally, no. If you receive scholarship money from a state, county or town, or a private entity (i.e. an entity other than the federal government) you should confirm with the entity providing the scholarship that residency in a particular place is not a requirement of the scholarship and/or that voter registration in Florida will not affect your eligibility.

### Will registering to vote in Florida affect my driver's license or car registration?

Yes. Florida considers anyone who registers to vote in the state to be a resident. The law then requires you to obtain a Florida driver's license if you drive in the state and to register any car that you drive in Florida.

### Will registering to vote in Florida prevent my parents from claiming me as a dependent on their taxes?

No. Students are often told that registering to vote in a different state from their parents will make them lose their dependency status. This is not true. Where you register to vote will have no effect on your parent's tax status.

### Does being an out-of-state student for tuition purposes affect my right to vote in my college community?

No. You may choose to vote in your college community or back home regardless of your tuition status.
